

PACKAGING AND PALLETIZING

Application:

Case Depalletizing /
Magazine Loading

Customer:

Beverage

Technology:

6-Axis Articulated Robot

Benefits: Remtec's Robotic Magazine Loader can help you realize the full potential of your cartoning operation. For cartoning rates up to 350 cpm and with payload capacities up to 100 lbs, this is the perfect solution for high-rate ergonomically challenging magazine applications

System Specifications:

- Fanuc R2000iB 165kg robot with 2.65-Meter reach
- Multifunction Case depalletizing and tier sheet handling end-effector
- Automatic sensing of carton supply in magazine
- Automatic load height sensing
- Capable of feeding multiple machines with varied carton sizes
- Payloads up to 100 lbs.
- Up to 350 cpm capability, depending on carton count and case size
- Ergonomic operator interface

Available Options:

- Automatic load handling
- Automatic empty pallet handling and upstacking
- Case stripping and knockdown
